Apayo,
By now you and Numanta Aulukestai have received the EPA project description that Catherine Knott and I are working on. Before the project can be funded by EPA, the University of Alaska Anchorage needs a letter of support from Numanta. Would you or the appropriate person in your group write such a letter supporting the Cultural Assessment (TEK) of the Bristol Bay Project? The letter needs to be signed so they tell me an e-mail won't do.

You could send the letter, bring it to New Stuyahok, or scan the signed letter and e-mail it to me as a pdf file.

The letter should be addressed to
Alan Boraas, Ph.D.
Professor of Anthropology
Kenai Peninsula College
156 College Road
Soldotna, Alaska 99669

Sorry to bother you at this busy time preparing for the New Stuyahok gathering. We will arrive Saturday and look forward to meeting you and the Elders.
Alan
